HOT COFFEE 14

Ngozi, Burundi (Single Origin)

At Gregorys, we're always on the lookout for coffees that not only taste exceptional but tell a story—and Burundi does both. Hailing from the highlands of Ngozi Province, this fully-washed Bourbon variety comes from the village of Bahire, which fittingly translates to "be well" in Kirundi. After years of topping the region's cupping scores, it was discovered that the unique microclimate and terroir of Bahire were responsible for producing this standout coffee. Thanks to our partners at J
