### How may Serving?

You'll want to speak to our catering manager for complete details, but here are some quick rules of thumb: 2 mini-chimis per guest for appetizers (4 for dinner), 2 tacos, enchiladas or flautas per guest for main course servings, 1 gallon feeds approx 20 (depending on serving size)

### When to Order?

While most Party Packs can be prepared within 2-4 hours, we recommend ordering a day in advance. During the holidays and other busy "event" seasons, we recommend ordering at least 3 days in advance for Party Packs A-C, and 1 week for any party pack involving tamales. Surcharges for certain fillings are due to their higher labor and material costs
